

CVW-200-EXPO-X

Clear View Weather Resistant

200 amp CLEAR VIEW PANEL made to customer specifications that is listed UL listed for outdoor use. The CVW like it's indoor counterpart maintains easy view of the panel's internal wiring (Inspectors appreciate it) and easy access to the breakers in the event of a reset, while still protecting personnel from any exposure to energized components. The rugged frame offers multiple functionality; can be used in the Horizontal / vertical position, offers a two man carry, is stackable (with accessory) stores conveniently when transporting and encapsulates the complete panel thereby protecting all exterior devices, reducing costly repairs by accidental handling.

Product Specifications

Product Enclosure	Enclosure Size A x B x C 16.00" x 12.00" x 6.00" (406mm x 305mm x 152mm)
Environment	Type 12 / Type 4 Dirt, Dust, Oil, Water, or any other contaminants
Weight	75 lbs. 34 kilograms
Incoming Device	Cam Type Device, Pin & Sleeve, Mil spec. (Special Order)
Output Device	NEMA: L21-20, L21-30, 5-20 ,VSC-19 all devices are supplied with Weatherproof Lift cover "Other devices available including GFI protection"
Load center	200 amp 3 phase CU (# of circuits depends on panel configuration)
Frame	1" Cold rolled steel 120 wall
Warranty	Two year Warranty
